

SAS International are a world leader in the design and manufacture of metal ceilings, operating in the UK, EU, USA, MENA, and Australia. More than 800 committed and highly motivated employees in 6 countries contribute to SAS Internationals global success.

With over 50 years of progressive innovation, design and manufacturing excellence; we have diversified into associated disciplines such as partitioning systems and doors, energy efficient cooling and heating, room comfort solutions and internal architectural metalwork finishes.

Offering a diverse and inclusive culture, SAS are committed to offering employees a fulfilling career suited to their skills and ambitions. We encourage applicants from all backgrounds to apply.

Our company values are intrinsic to all we do at SAS – the 5 C's. We are customer focused, obsessed with exceeding expectations. We are creative and value 'outside of the box thinking' to generate creative and innovative solutions. We are collaborative, fostering a culture of openness and respect. We are caring, we demonstrate the upmost care and respect for those around us, not only for our people, but also our social and environmental impact. We are committed to the collective goals of our business and driven to achieve these together.

The Role:

Reporting to the Head of Commercial Pricing, the Senior Estimator's role is service the international markets with prices for metal ceilings and architectural metalwork in an accurate and timely manner. Maximising profit within every opportunity, taking into account the commercial strengths and weaknesses. Accurate costing and recording useful data for the business.

The Person:
